F READING

Read the story.

I'm Ahmed from Riyadh. Last summer, my older brother and I went to Sudan. My brother works for a charity that gives healthful food and school supplies to children there. They do fantastic work, but not many people know about it.

His charity asked me to make a website for them so people could read about their work and help by giving money. I spent eight weeks in Sudan altogether. For the first two weeks, I traveled to different villages to learn about the charity. I was excited to help my brother and became proud of his work. Then, I went back to the capital city, Khartoum, and I designed and tested the new website. It was a success! Lots more people are giving money now to help the Sudanese children.

1 It was an amazing experience. I met a lot of new people and lived in a different culture. After I went back to Saudi Arabia, my parents said I could do the same work from home. So, I discovered two other charities and designed websites for them. I love the work. Now I know what I want to do after college.

Hi Saeed,

Thanks for your email. How amazing! A summer vacation to Malaysia and a trip to the rainforest! It's one of the most spectacular places in the world! My brother also says that Malaysia has some of the most beautiful beaches.

We have vacation plans, too. I'm going skiing with my family in June! The most surprising thing is that we only have to go to Dubai. The indoor ski resort is open all year. It's the largest indoor snow park in the world, and the mall has some of the best shopping and entertainment.

I have an idea. Maybe we can spend a weekend together in October. We wanted to go to the desert last year, but we didn't get there. It's just a short bus ride from your home and from my home. Why don't we go camping there? It's more relaxing than climbing a mountain or skiing. And it's still a fun adventure! And the weather is cooler in the fall. Call me when you get back.

Best regards,
Rashid

My Vacation

I went to Pike's Peak in Colorado. It was great! We took a train to the top of the mountain. It is the tallest mountain in the state of Colorado. Before that, I went to the beach on vacation. It was fun, but I really like the mountains. For me, the mountains are nicer than the beach. Hiking is more fun than swimming, so my vacation to Pike's Peak was better than my vacation to the beach.
